Chemical name	CAS number	%
Quartz	14808-60-7	50-80
Refractories, Fibers, Aluminosilicate	142844-00-6	10-25

## Composition comments

All concentrations are in percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

Note R: The classification as a carcinogen does not apply according to Directive 67/548/EEC as it can be shown that fibers have a length weighted geometric mean diameter less two standard geometric errors greater than 6 micrometers.

## 4. First-aid measures

### Inhalation

Remove victim to fresh air. Get medical attention if symptoms persist.

### Skin contact

Wash area with soap and water. Get medical attention if irritation develops or persists.

### Eye contact

Do not rub eyes. Flush thoroughly with water. If irritation occurs, get medical assistance.

### Ingestion

Rinse mouth and drink plenty of water. Only induce vomiting at the instruction of medical personnel. Get medical attention if any discomfort occurs.

### Most important symptoms/effects, acute and delayed

Direct contact with eyes may cause temporary irritation. Lungs may be affected by repeated or prolonged exposure to dust, resulting in graphite pneumoconiosis.

### Indication of immediate medical attention and special treatment needed

Treat symptomatically.

### Specific hazards arising from the chemical

During fire, gases hazardous to health may be formed.

### Special protective equipment and precautions for firefighters

Selection of respiratory protection for firefighting: follow the general fire precautions indicated in the workplace. Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

### Fire fighting equipment/instructions

Use standard firefighting procedures and consider the hazards of other involved materials. Cool material exposed to heat with water spray and remove it if no risk is involved.

## 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

Avoid dust formation. Avoid inhalation of dust. Avoid prolonged and repeated contact. See Section 8 of the SDS for Personal Protective Equipment.

### Methods and materials for containment and cleaning up

Collect dust using a vacuum cleaner equipped with HEPA filter.

### Environmental precautions

Avoid discharge into drains, water courses or onto the ground.

## 7. Handling and storage
