

Visitor/Vendor Screening Questions and Share Facts about COVID-19

Ask these questions prior to visitor and vendors arriving on location.

- 1 **Have you been to one of the Centers for Disease Control and Prevention (“CDC”) Warning Level 3 areas* over the last month?** If so, you will be denied access to TEAM facilities until after a 14-day quarantine period.
- 2 **Do you have symptoms of acute respiratory illness (i.e. cough, shortness of breath)?** If so, please see a doctor and arrange for virtual meeting with your TEAM host.
- 3 **Have you been in close contact with anyone with COVID-19?** If so, you will be denied access to TEAM facilities until after a 14-day quarantine period. As an alternative, please contact your host to arrange for a virtual meeting.

*As of March 10, 2020, CDC Level 3 countries include China, Iran, Italy or South Korea. Please check [CDC website](https://www.cdc.gov) for updates.

FACT 1: Diseases can make anyone sick.

People of Asian descent are not more likely to get COVID-19 than any other person. Help stop fear by letting people know that being of Asian descent does not increase the chance of getting or spreading COVID-19.

FACT 2: Some people are at increased risk of getting COVID-19.

People who have been in close contact with a person known to have COVID-19 or people who live in or have recently been in an area with ongoing spread are at an increased risk of exposure.

FACT 3: Someone who has completed quarantine or has been released from isolation does not pose a risk of infection to other people.

For up-to-date information, visit CDC’s coronavirus disease 2019 web page.

FACT 4: You can help stop COVID-19 by knowing the signs and symptoms:

- Fever
- Cough
- Shortness of breath

Seek medical advice if you:

- Develop symptoms AND
- Have been in close contact with a person known to have COVID-19 or if you live in or have recently been in an area with ongoing spread of COVID-19.

FACT 5: There are simple things you can do to help keep yourself and others healthy.

Wash your hands often with soap and water for at least 20 seconds, especially after blowing your nose, coughing, or sneezing; going to the bathroom; and before eating or preparing food.

- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
