

# TEAM<sup>®</sup>

## Total Valve Reliability – Anywhere, Anytime

TEAM delivers end-to-end valve solutions built for the demands of high-load operations to diverse industries, including oil and gas, aerospace, petrochemicals, pipeline, and power generation. Our **shop repair centers** provide precision overhauls with OEM-certified parts and documented quality control. Our **field service teams** bring rapid, expert support directly to your units. And our **mobile valve repair trailers** deploy fully equipped capabilities to your site for immediate intervention. We excel in delayed coker valve repair, pressure seal valve repair, and pressure relief valve work, backed by one of the industry's strongest OEM-certified inventories with over \$10M factory new valves on the shelf and ready to ship. When uptime is critical, TEAM delivers the scale, skill, and speed to keep your operation moving.

# Fewer Vendors. Faster Solutions.

Simplify procurement with one trusted partner.

## Pressure Relief Devices

- Protecting pressure systems with intention.
- Shop, field and Trevitest working together.
- Delivering VR-certified solutions across all OEM valves.

## On-Site Services and Mobile Machine Shops

- We bring the repair shop to your site.
- Fast, equipped, and fully mission-ready.

## Delayed Coker & Olefin Service Valves

- Extreme heat, extreme process – extreme reliability.
- Expert coker valve services that survive the toughest condition.
- Authorizations include Crane/Pacific, Wilson-Snyder & Velan.

TEAM operates  
**14+ VALVE REPAIR FACILITIES**  
with over  
**500,000 SQ FT**  
dedicated to valve repair.

## More Shops, More Experience, More Reliability.

### Shop Repair Capabilities:

- Complete refurbishment of all valve types, sizes, classes, and brands
- Authorized OEM repair
- Digital Valve Management Solutions (DVMS) for full asset utilization
- Pressure testing and code recertification
- ASME Section IX Boiler Code welding and precision machining

## Certified to Ensure The Job Is Done Right.

We hold the industry's widest portfolio of VR stamps and additional certifications – more than any other provider.

# Anywhere. Anytime. TEAM Delivers.

Our field service management crews bring shop-grade precision to you, restoring performance without asset removal and transportation while reducing downtime, risk, and cost.

## On-Site Repair Capabilities:

On-site Valve Repair & Overhaul

Actuator & Control Valve Service

On-stream Pressure Relief Device (PRD) Testing

Delayed Coker Valve Expertise

In-place Machining & Sealing Restoration

Turnaround & Capital Project Support

Rope Access Repair

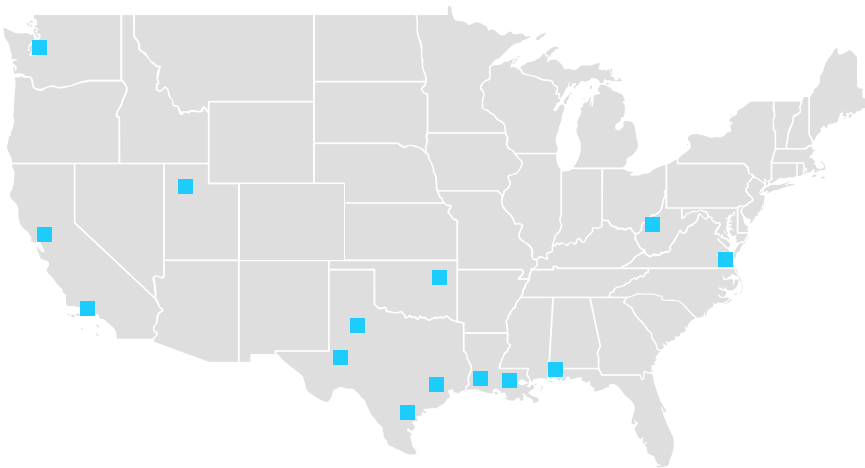

Asset Lifecycle Management (IMS/DVMS, spare pool program)

## Our specialty? Your critical assets.

Control, PRV, isolation, motor operated, large bore, high pressure, or exotic material. When it is important, you want Team servicing it.

## Skilled Technicians and Deep Resources, Coast to Coast.

Team has the largest US valve service footprint, offering a high level of expertise across all valve types, including on-stream PRV setpoint verification, actuator repair, and in-place machining.

### West Coast:

- Long Beach, CA
- Benicia, CA

### Mountain West:

- Salt Lake City, UT

### Gulf Coast:

- Sulphur, LA
- Geismar, LA

### Southeast:

- Mobile, AL

### Pacific Northwest:

- Kent, WA

### Texas:

- Corpus Christi, TX
- Houston, TX
- Odessa, TX
- Borger, TX

### Mid-Continent:

- Broken Arrow, OK

### East Coast:

- Norfolk, VA

### Mid-Atlantic:

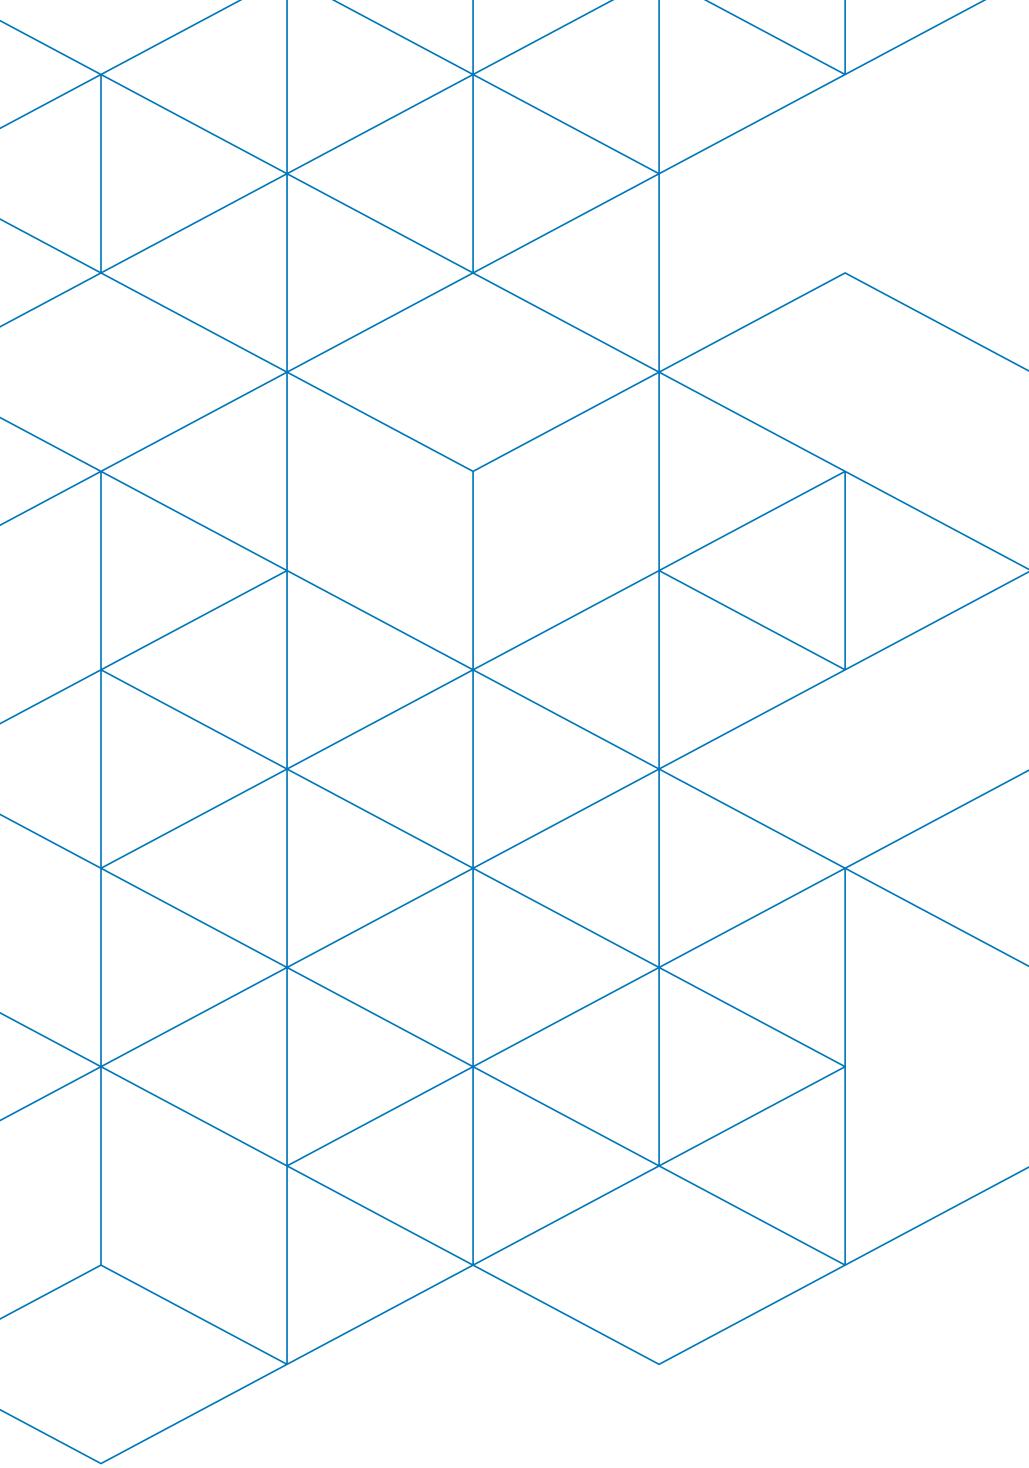

- Parkersburg, WV

## Let's TEAM Up

With 300+ certified valve technicians and the industry's most comprehensive compliance portfolio, no one does valve repair like our TEAM.

**TEAM**<sup>®</sup>

For over five decades, TEAM Inc. has provided asset integrity to diverse industries, including oil and gas, aerospace, petrochemicals, pipeline, and power generation. Our integrated service approach covers everything from inspection to repair, ensuring our customer's facilities operate safely and efficiently.
